Brunch- Eggs, bacon, beans, fried tomato, sausage and toast.

Light afternoon snack- Cold meats, salads breads.

Dinner- 2 courses, soup and a main or a main and desert.

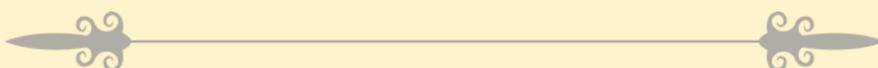

### **Drinks:**

3lts of drinking water per person per day, fruit juice at breakfast and wine at dinner. If you would like to take any extra drinks we provide a cooler with ice.

### **Day 1: Pick up from Maun**

Departure from Maun at 3pm for a 2-hour drive to the Daonara area on the edge of the Okavango arriving at your riverside campsite in the late afternoon. Your tents will be set up before your arrival and the cooking of a campfire dinner preparations will be underway. After enjoying a fire warmed shower, you may sit back and watch the sun setting over a lagoon full of hippos and crocodiles. As the sun has finished setting you are served a 2-course dinner under the stars

### **Day 2: Mokoro excursion and island game walk**

The first of the 5am wake up calls that will become part of your safari. After a full cooked breakfast you depart at 6:00am in a safari vehicle bound for a mokoro station deep inside the Okavango Delta. Arrival at the mokoro station is a little before 8am. You then go out for a couple of hours on the mekoro followed by a game walk of a couple of hours. After the game walk enjoy a nice picnic spread back at the mekoro and a bit of relaxation in a nice shady location. At around 2pm set off on a 1 hour downstream mokoro ride back to the mokoro station for an hour game drive to your riverside camp for a warm shower and wonderful Okavango sunset. A campfire dinner is served at 7:30pm

### **Day 3: Drive to Moremi game reserve**

A wake-up call at 5am for an early breakfast and then you embark on the safari vehicle at 6am for Moremi Game Reserve. You will arrive at Moremi South Gate at around 8am and from there head off on a slow game drive past Black Pools and through the wildlife rich Western 12 flood plains of the Moremi Game Reserve. A picnic lunch in the 3rd Bridge area offers a break, you then head Northwards to our campsite in the Xakanaxa area.

Arrival at the campsite is at around 5:30pm here you find your tented camp set up ahead of you and dinner preparations underway. Our staff will have heated water on the fire to fill your bucket shower for you to enjoy at your leisure. Each dome tent will have an enclosure attached at the rear of the tent with a bush toilet and shower.

#### **Habitat:**

Moremi lies on the eastern extremity of the Okavango Delta. Habitats here range from wide-open floodplains, marshes, lagoons, papyrus fringed channels, vast stands of *Miscanthus* and *Phragmites*, woodland and savannah. As a result of the extremely variable habitat the diversity of both wildlife and birdlife is excellent. Wildlife: Moremi is amongst the best game reserves in Africa for viewing the endangered African wild dog. Xakanaxa is home to a resident herd of several hundred buffalo whose range covers the territories of at least 4 prides of lion which may often be seen flanking the ever-moving herd. Breeding herds of elephant move between their browsing areas in the mopane forests and the fresh water of the Okavango. Red lechwe are one of the more unusual antelope species and commonly found here.

#### **Day 4: Full day in Moremi Game Reserve with boating**

After an early breakfast we will go out for a full day game viewing with a packed picnic lunch. At around 3:30pm we will go out on a 2-hour boat cruise from the Xakanaxa boat station. The boat ride arrives back at sunset for a short drive back to camp.

#### **Day 5: From Moremi to Khwai river**

After breakfast departure will be at around 7:30am. Our camp staff will remain to pack up camp and prepare the move to Khwai while you proceed for a full day game viewing with your packed picnic. You arrive at your new campsite in Khwai shortly before sunset to find our staff busying themselves as usual.

#### **Habitat:**

The Manuchira Channel is known as the Khwai River at its eastern most extremity. The day's journey follows this water course, with the track weaving from the riverside and floodplains into the mopane veld and the woodlands that make Khwai one of the most scenic areas of the Okavango. Wildlife: The western mopane veld is home to mostly breeding herds of elephant whilst the eastern reaches of Khwai is home to some impressive old bulls. The mature bulls revel in the cool waters of the Khwai and are far more approachable while drinking and bathing than the breeding herds. The river has an unusually high density of hippo as well as some huge crocodile. Leopard, cheetah, serval and lion are common predators along this route and both Xakanaxa as well as Khwai are included in the home ranges of 2 different packs of wild dog. General game includes southern giraffe, Burchell's zebra, tessebe and red lechwe with roan and sable antelope being less common residents.

### **Day 6: Full day in Khwai with night drive**

On your full day in Khwai you will wake early as usual, have a quick light breakfast and go out as early as possible for a game drive. Late morning you head back to camp for a full cooked brunch and several hours of relaxation in camp. At around 4pm tea and snacks are served before heading out for a game drive that includes sunset and a little night driving to give you a chance to view some of the nocturnal wildlife. You arrive back at camp around 8:30pm for dinner.

### **Day 7: From Khwai to Savuti**

After breakfast you leave at around 7:30am. The camp staff will remain to pack up camp and prepare the move to Savuti while you proceed for a full day game viewing with your packed picnic. Arrival in your new campsite in Savuti will be shortly before sunset to find another mouth-watering fire cooked dinner being prepared.

#### **Habitat:**

Unlike most of the country, Savute is not a totally flat landscape. Large outcrops of volcanic rock reach up out of the Kalahari sands, towering over the endless savannah. These hills provide habitat for a completely different array of small wildlife, birds and plants. The Savuti Marsh has been the stage for many of the most dramatic wildlife documentaries in Africa. The wide-open country, good ungulate populations and particularly strong prides of lion and hyaena clans make for dramatic wildlife interaction and excellent viewing opportunities. The now dry Savuti Channel runs through this landscape linking the dry sand-veld, the waterholes, the hills and the grassland that was the Savuti Marsh. Wildlife: Undoubtedly it is the interaction between lion and elephant that is the most interesting aspect of Savuti. The area is inhabited by a huge pride of lions with numbers fluctuating from 20-30 members. These remarkable lions have learned over the years how to hunt these massive pachyderms that are supposedly above predation. Launching their attack under darkness and using their numbers, they manage to kill adolescent and even young adult elephant.

### **Day 8: Full day in Savuti**

On the full day in Savuti you will wake early, have a quick light breakfast and go out as early as possible for a game drive arriving back in camp around 11am for a full cooked brunch and few hours of relaxation in camp. At around 3:30pm we serve tea and snacks and head out for a game drive until sunset.

### **Day 9: From Savuti to Kasane**

After enjoying our last cooked breakfast together we depart camp at around 7am. We start our 5 hour drive to Kasane with a last look around the Savuti area on the way. We end our safari in downtown Kasane at "The Coffee Buzz" at midday. If you wish us to book accommodation in Kasane, a safari in northern Chobe or a few nights in Victoria Falls we would love to assist and continue your adventure with us.
