FACILITIES

Relax on the satellite viewing deck or chill zone with hammocks in your free time. Mingle with other guests in the common area and sitting room or try spot some wildlife from camp at the raised viewing deck over the Boro River.

Oddball's also has a small library, chess and selection of games to keep guests entertained.

-Please be advised that the use of mekoro depends on a number of factors beyond the camp's control – water levels, vegetation growth, changes in the Okavango's channel-structure, and hippo activity, amongst others. These can and do change quickly and unpredictably. Consequently Delta Camp may not be able to offer mokoro excursions due to practical constraints or safety considerations. If this is the case they recommend guests participate in other activities that are equally enriching and complete a full-bodied safari experience.

CHILDREN

Oddballs' loves them! They have two family units and no age restrictions. They believe that guests know their children and as they will not be doing any excursions in the company of other guests they have only themselves to consider while on activities. Oddballs' is happy to accommodate alternative family dining times and to prepare simple food for children. They have games in the sitting area and reference books that will help to entertain and illuminate the children's experience.
